

South Australian Local Government Boundaries Commission
Tickera Township Council Boundary Change Proposal – Publicly Initiated
Inquiry and Engagement Plan

The South Australian Local Government Boundaries Commission (the Commission) conducts inquiries into boundary change proposals in accordance with Chapter 3, Part 2 of the *Local Government Act 1999* (the Act) and its Guidelines.

The Commission determined Mr Morphett’s Proposal (the Proposal) to be an administrative proposal and will therefore conduct an inquiry in accordance with section 30 of the Act, Guideline 6 – *Proposals initiated by Members of the Public*.

The inquiry will be undertaken according to such procedures as the Commission thinks fit, provided that reasonable community consultation is conducted in accordance with Guideline 9.

The Commission has determined the specific topics that will be covered in the inquiry into the Proposal and provides reference to each topic’s relationship to the legislative requirements in the Act or Guideline 2 and the recommended inquiry approach (where relevant to the Proposal). These topics are detailed in the attached matrix.

The Commission has determined that it will conduct an ‘in-house’ inquiry into this Proposal, taking the necessary steps to complete the inquiry, including conducting its own consultation and gathering relevant information from the affected councils.

As Section 30 of the Act and Guideline 6 provide the Commission with flexibility in how it undertakes an inquiry into administrative proposals, the Commission has determined that some areas of this inquiry will reference matters under section 31 (3) of the Act or Guideline 4, which outlines the requirements of an inquiry into a general proposal as some of these matters are deemed to be relevant to this Proposal.

The inquiry will investigate the proposal as it was referred to the Commission. If the inquiry identifies that there are alternative options to resolve the identified boundary issue that were not proposed by Mr Morphett but which would lead to an outcome that is more closely aligned with the section 26 principles in the Act, a further inquiry plan or options paper will be prepared for the Commission’s consideration.

In making a recommendation on the proposal, Section 30(5) of the Act enables the Commission to make such variations as the Commission thinks fit to the administrative proposal referred to the Commission.

The following areas will form the basis of the inquiry;

1. Financial matters
2. Land use and planning matters
3. Council employee matters
4. Representation matters
5. Community and service matters

An outline of the proposed engagement and consultation with the affected Councils and the community in accordance with section 30 of the Act is also included below.

Engagement and Consultation

Legislative and Guideline requirements

Section (27(3)(b) of the Act requires that the Commission's Guidelines must specify requirements relating to consultation that must be undertaken for the purposes of inquiries, including consultation with the community, councils affected by the proposal and entities that represent the interest of council employees affected by the proposal.

In accordance with section 30(1) of the Act, the Commission will conduct an inquiry into administrative proposals, as the Commission thinks fit, provided that a reasonable amount of consultation is conducted.

In accordance with the requirements of the Act and with Guideline 9, the Commission will directly notify the initiator of the proposal of the process to be undertaken.

Engagement Plan

Engagement Principles

- Engagement is fit for purpose
- Engagement is genuine
- Engagement is inclusive and respectful
- Engagement is informed and transparent

Purpose

The purpose of the engagement plan is to —

1. Assist the Commission to understand community views, from both the affected area and the township of Tickera in particular, and the affected councils more widely; and
2. Utilise information gained to support the investigation of the 'community of interest' element of the inquiry plan, and any other aspect of the inquiry plan that may benefit from material gained through engagement.

Objectives

- Aim to provide direct information about the Proposal to residents and land owners within the affected area, and the township of Tickera
- Provide information to the wider communities within the affected councils
- Provide the affected councils the opportunity to put their views and views of their communities forward.

Key Stakeholders

- Mr Dale Morphett (proponent) and landowners on Form 1 (affected area)
- Copper Coast Council and Barunga West Council (affected Councils)
- Landowners and residents of Tickera
- Surrounding communities

Approach

- Write to the affected councils seeking feedback and information on a range of matters outlined in the inquiry matrix – provide three months to respond

- Send a letter to all landowners (196 identified, details provided in Table 1) within the suburb of Tickera (Attachment 1) seeking community input on a range of matters related to the Proposal – See map below for landowner consultation area.
- Undertake a letter box drop to properties within the residential area of Tickera seeking community input on a range of matters related to the proposal. This letter box drop will canvas residents who are not landowners. Due to the majority of Tickera being farming land, it is proposed to only canvas residents within the residential township area as it appears a large proportion of farming land is occupied by landowners. For previous consultation activities, AGD has contracted local distribution company Bluetongue to undertake this work.
- Publish a notice on the Commission’s website and request affected councils to provide a link to this on their websites and social media platforms
- Publish an advertorial in the local paper
- Seek interest from the Tickera Community Centre (owned by Barunga West Council) to place a notice detailing the proposal and seeking community feedback on its community information board / or Facebook page.
- Approach any industrial association group including ASU and AWU to provide feedback in relation to the impacts of the proposal on the rights and interests of council employees affected by the proposal.
- Allow for a 4-week period for responses.
